STEAM+FAMILIES
FAMILY FUN NIGHT
6:30-8:30
YOUR ELEMENTARY SCHOOL

Rochester PTA Council STEAM Committee is bringing another STEAM+Families event to an elementary school near you. **This year we are getting back in-person!**

Challenge Island will be zooming into your school with an out of this world activity, **Astronaut Lunar Landing**. Learn about how people can safely land on the moon then put your creativity to work building your own lunar landers.

Explore Lab Science will share an experiment on Chromatography and how to use science to make art.

This is a free event and **space is limited**. Each family attending needs to **sign up using the link or scan the QR Code:**
