

How to Pack a Waste-Free Lunch

Did you know... one packed lunch per day generates up to 67 pounds of waste per year?

You can reduce that by packing a **Waste-Free Lunch**.

Everything in a waste-free lunch can be **reused, recycled or composted**. Take the challenge **April 24th-28th**, and see if you can pack a waste-free lunch!

Reusable Utensils:
instead of a plastic one that will be thrown away

Cloth Napkin:
Pack a cloth napkin that can be washed at home and reused

Reusable Water Bottle:
instead of a single-use plastic water bottle

Reusable Containers:
Save money and resources by buying food in bulk and reusing containers

Reusable Lunchbox:
Try a reusable lunchbox or bag to hold the reusable food containers.
